

Appendix 1: Commitment document for principal Investigators (PIs) from recruiting nodes for the PREDIMED PLUS study for access to the general project data file

Full name of PI	
PREDIMED PLUS node	
Institution	
Postal address	

As a PI from a recruiting node for the PREDIMED PLUS study, the undersigned researcher is requesting access to the data file for the PREDIMED PLUS General Project, including data for the randomised participants from all nodes and corresponding to the period:

- Baseline
- One year
- Three years
- Other (specify) _____

Purpose of the request:

The undersigned PI hereby commits to respecting the following principles:

- To maintain the confidentiality and privacy of the data and refrain from making any attempt to identify the records of individual patients.
- To ensure the security and integrity of the data received, keeping the file in a location that is secure and protecting it against alteration or copying of the data or distribution of the data to other persons.
- To follow the publication policy and data management and sharing plan for the PREDIMED PLUS study.
