|--------------------|--|
| Full name of PI | |
| PREDIMED PLUS node | |
| Institution | |
| Postal address | |

As a PI from a recruiting node for the PREDIMED PLUS study, or as a PI from an internal associated collaborating centre for the PREDIMED PLUS study, the undersigned researcher is requesting access to the data file from the PREDIMED PLUS study that includes the following variables (provide details on the variables):

Indicate the purpose for which those data are being requested (e.g. for a specific article, including indication of the working title, etc.):

The undersigned PI hereby commits to respecting the following principles:

- To maintain the confidentiality and privacy of the data and refrain from making any attempt to identify the records of individual patients.
- To ensure the security and integrity of the data received, keeping the file in a location that is secure and protecting it against alteration or copying of the data or distribution of the data to other persons.
- To follow the publication policy and data management and sharing plan for the PREDIMED PLUS study.

- To establish the pertinent collaboration agreements with the researchers responsible for the specific variables requested.
